To: The SADSAA SECRETARY
PER E-MAIL

**IN RE: ENVIRONMENTAL OFFICERS REPORT TO NATIONAL COUNCIL MEETING
ON 7 FEBRUARY 2020**

DEAR PRESIDENT, COUNCILLORS & OFFICE BEARERS

1. Due to the festive season there weren't much happening on national environmental front, worthy of reporting.
2. Firstly, I wish you all a prosperous new year and tight lines.

MPA's

3. The Minister of Environmental Affairs has now provided reasons to NDSAA in writing, but the reasons on EPDSAA (PEDSAC) is still awaited.

DAFF Meetings

4. As you are aware there hasn't been a Recreational Fishing Forum meeting held by and at DAFF Cape Town for two years. Although these meetings did not yield in much benefit for SADSAA, at least DAFF was aware of who and what SADSAA is.

5. I am considering to take the matter up with the Minister of Environmental Affairs, with a view to force DAFF to arrange meetings, and will keep you posted

**Yours in Angling,
Mark Beyl**
